

# Sour Oil & Gas Advanced Technology 2009

5th International Conference, Forum, Workshops & Exhibition

March 30 – April 4: Hilton Hotel, Abu Dhabi, UAE

## TECHNICAL SCOPE – SOGAT 2009 CONFERENCE

The Organisers are calling for papers, and titles and abstracts are required by December 1st 2008, on the following themes for the SOGAT 2009 Conference:

- Sour Oil and Gas Operational and Development Plans in the Middle East
- Sour Gas Management with particular respect to Health, Safety and Environmental Impact
- Sour Gas Processing of Ultra Sour and Low Quality Gas Fields
- Sour Gas Reservoir Management and Optimisation
- Sulphur Management – Molten and Solid Sulphur Handling and Safety, Sulphur Transfer by Pipeline, Sulphur Storage, Forming and Blocking
- Sulphur Markets – Future Supply and Demand Scenarios

## EXHIBITION

As previously there will be an exhibition of equipment and services focusing on the themes of the event. Exhibition sites are allocated on a first come, first served basis and include a shell scheme (3m x 2m), lighting and power. Please contact the SOGAT 2009 Organisers for availability and cost.

## SPONSORSHIP

The SOGAT events are now established as the meeting place for discussion of sour gas treatment, disposal, handling and usage with a Middle East focus. In previous meetings, ADNOC, Shell, Oxy, Qatargas, ConocoPhillips, StatoilHydro, WGI, Black & Veatch, GLE and ASRL have chosen to support these events and in doing so their association has served to further raise their profiles in these specialised areas.

Interested parties should contact the SOGAT 2009 Organisers for further information of the sponsorship packages available.

## SOGAT WORKSHOPS

As with the previous event, an important part of SOGAT 2009 will be workshops on current topics of interest to those subject areas covered within the technical scope of SOGAT 2009. Previously these workshops have played an important and vital part in the overall success of the SOGAT events and the topics to be chosen for 2009 will continue this trend. For further details, please contact the SOGAT 2009 Organisers.

## ADVISORY COMMITTEE

Kamal Morsi	ADNOC, UAE
Bobby Kassamali	ConocoPhillips, USA
Henk Grootjans	Qatargas, Qatar
Peter Verhulst	Shell, UAE
Khamis Al-Busaidi	PDO, Oman
Ahmed Somali	Saudi Aramco, KSA
Stephen Lloyd	Occidental Development Company, UAE
Dennis Leppin	Gas Technology Institute, USA
Peter Griffin	Gas Liquids Engineering, Canada
Peter Clark	University of Calgary, Canada
Pierre Crevier	Crevier Process Consulting, Bahrain
Steve Pollitt	Worley Parsons, UK
Johnny Johnson	WGI Middle East, USA
Anwar Rashad	Kharafi National, Kuwait
Mas Nohara	ENERSUL, Canada
Richard Hands	SULPHUR Magazine, UK

## INTERNATIONAL CO2 FORUM

Following on from the success of the previous two International CO2 Forums, the Organisers are calling for papers that focus on:

- ◆ Carbon Management and Economics
- ◆ CO2 Recovery
- ◆ CO2 Sequestration
- ◆ CO2 Injection – Reservoir Management, Benefits and Impacts
- ◆ CO2 Applications, Management Issues and Industrial Experiences
- ◆ Energy / Emission Management

The Organisers require titles and abstracts by December 1st 2008.
